

NORTH COASTAL CONSORTIUM FOR SPECIAL EDUCATION

(NCCSE)

“Bringing families of children with disabilities and their educators together”

You are invited!

If your child receives special education services from a school district within the North Coastal Consortium for Special Education (NCCSE)* you are invited to take part in the following services and activities:

Community Advisory Committee (CAC) Meetings

Include a presentation on a special education related topic as well as resource information and opportunities to meet other families. Videos of past meetings are available from the link on NCCSE home page at www.nccse.org.

Workshops are an opportunity to learn about special education related topics from education experts.

Workshops specifically designed for parents and family members are listed on the website with the prefix ‘PE’ and are free of cost. Some of the other NCCSE workshops are also open to parents and family members.

The ABCs of IEPs is an in-depth workshop presented by a parent and an educator designed to inform families about the IEP process and to explore ideas for working successfully as a part of a child’s IEP team.

The Community Resource and Recreation Fair is an opportunity to meet recreation and childcare providers and community resource agencies who serve people with special needs and their families.
